

ACRASTONE™ BATHTUB CONSTRUCTION

Porcelain like surface

**Guaranteed to
maintain its integrity
for at least 25 years.**

The American Bath Factory AcraStone™ bathtubs are manufactured utilizing our proprietary technology, AcraStone™. AcraStone™ is the only material durable enough to carry our exclusive 25 year limited warranty. You can count on your American Bath Factory bathtub to be beautiful, strong, and dependable for years to come. No other bathtub in the industry, including our own cast iron bathtubs can beat the AcraStone™ features. AcraStone™ is thick, strong, and warm to the touch. The color is chip and wear resistant with a porcelain-like surface inside and out.
