Fax-On-Demand Document # 1142

his rectangular shaped air bath features 67 air jets. The Serenity V releases thousands of warmed bubbles to excite the skin and massage the entire body. Designed with an extra deep and long bathing well, the Serenity V features an elevated seat for massage action to the thigh and leg areas, two acrylic grab bars and two arm rests. The Serenity V comes complete with a 1 HP variable speed air blower and a 600 watt heating system. Select from three settings, including

constant bubble action, available at variable speeds, wave and pulse modes. Once your massage is complete, an automated drying cycle is activated to purge and dry the air channels. Additional features include a slip resistant floor, a Pre-leveled ABS Support Base and air channels lined with an antimicrobial coating for added protection. The Serenity V is constructed of Lucite® Cast Acrylic and is available in over 35 designer colors.
