Fax-On-Demand Document # 1143

The Serenity VI is a spacious, corner air bath for two persons. With 78 air jets, the Serenity VI releases thousands of warmed bubbles to excite the skin and massage the entire body. Designed with an extra deep and spacious bathing well, the Serenity VI features elevated seats for relaxation of the thigh and leg areas, an acrylic grab bar and two arm rests. The Serenity VI comes complete with a 1 HP variable speed air blower and a 600 watt heating system.

Select from three settings, including constant bubble action, available at variable speeds, wave and pulse modes. Once your massage is complete, an automated drying cycle is activated to purge and dry the air channels. Additional features include a slip resistant floor, a Pre-leveled ABS Support Base and air channels lined with an antimicrobial coating for added protection. The Serenity VI is constructed of Lucite® Cast Acrylic and is available in over 35 designer colors.
