Swirl Finish

Concentric Finish

PRODUCT Specification . . . Each basin is manufactured in one piece from 16-gage, Type 304 stainless steel. The basins are available in 11-1/2" (292 mm) or 16" (406 mm) diameter sizes. The basin is designed for undermount applications. The basin has a 1" (25 mm) flat rim which is clamped between the countertop and provided S-clips. Four clips are provided for the 11-1/2" basin and six clips are provided for the 16" basin. Mounting hardware is provided by others. Textured finishes are applied in the inner surfaces. Swirl is a fine grain finish, where inner surface highlights create swirl patterns. The Concentric is a terraced pattern on the inner surface.

PLUMBING Specification . . . Each basin is designed exclusively for undermount applications. Undermounting S-clips are provided but anchoring hardware is by others. Basin shall have a 1-1/2" (38 mm) diameter drain opening for standard drain fitting. Drain or faucet not included.

Approved for Manufacturing

All dimensions are nominal and subject to manufacturer's change without notice.
